Competition rules – coarse angling

According to the sports activity plan for 2025, SZŠR in cooperation with SRZ Council Žilina and MO SRZ Trenčín and ŠKP Trenčín will organize a competition /ATP/ of 2-member teams for registered and unregistered competitors from Slovakia and abroad.

Date: 3.-5.10.2025

Venue: Váh č.8 2-4430-1-1

Organizational staff:

Competition director: Marek Macháč

Chief referee: Peter Baránek +1

Sector referees: Peter Baránek + 3 will be provided by the organizer

Technical leader: Marek Macháč

Medical care: 112

Technical instructions:

The sport fishing competition is organized according to Act 216/2018 Coll. § 20 and § 15 of Executive Decree 381/2018.

☐ It is raced according to the SZŠR competition rules for LRU Plávaná and current modifications for 2025.

☐ The amount of feed of plant origin is set at 20 l and the amount of bait of animal origin at 2.5 l (of which there can be max. 0.5 l of uncut manure /dendroben/, ~~max. 0.25 liter of small joker, Large joker for catching, it will be placed in a separate smallest container from the 1/8 l measuring set or the so-called puck.~~ **BLOODWORM AND JOKER IS FORBIDDEN** .All

competitors must have live bait prepared in a set of measuring containers of the "Sensas" type during the control.

☐ Bait of plant origin must be placed in a fishing bucket with volume marks on the inside during feed control. The length of the rods is set at 13 m. The same length applies to rods with cups.

Special instructions for this race:

☐ Every competitor must have a container (bucket) ready for pouring and checking the feed, i.e. at least one empty container (bucket) in addition to the containers in which he has already prepared feed.

☐ Competitors must have two keep nets in the water during the race due to the assumption of catching over 20 kg.

☐ During a sport fishing competition, it is not allowed to store fish in a fishing net according to §10 paragraph 1 letter i) Decree 381/2018. **DANUBE ROACH**

☐ The competitor can place the front legs of the platform or seat in the water.

Fish species :

All types of freshwater fish: bream, roach, carp, barbel, crucian carp, tench, catfish, sturgeon, bleak, pike . **DANUBE ROACH FORBIDDEN TO PUT INTO KEEPNET.**

Program:

Practice on the bank is possible all year round with a valid fishing permission issued by the MSO SRZ Trenčín. – more information www.srztrencin.sk.

Friday 3.10.2025 – mandatory practice 10:00 am - 16:00pm

After this time frame, the area of the venue is closed. Fishing by competition participants in these areas until the competition start is prohibited under the penalty of disqualification. Training is allowed under the condition that the fish caught are not netted, but returned immediately to the water with due care.
